NAPA Filters now offers Fuel Filter/Water Separators for High Flow Applications. Suitable for use on mobile refuelers, refueling cabinets, diesel fuel dispensing pumps, bulk fuel handling, and many other applications, these units are designed for easy installation and servicing.

Both 10 and 25 Micron fuel/water separating filter elements are also available for each housing assembly.

THIS ASSEMBLY IS NOT APPROVED FOR AVIATION USE

For questions or more information please contact your local NAPA Filters District Manager or call Product Information at 1.800.949.6698
